Mission:

- Our mission as a student-led non-profit is to empower our local community through targeted service, mental health advocacy, and legislative action. From driving state policy to supporting families in need, we combine hands-on service with youth leadership development to create lasting, positive change.

OR

As a student-led non-profit, our mission is to support our local community in every way we can. We drive meaningful change by:

- **Advocating for Change:** Championing our Digital Awareness Bill with Minnesota state legislators.
- **Serving Others:** Organizing blanket drives, donation campaigns, and direct support for families in need.
- **Promoting Wellness & Growth:** Raising mental health awareness while offering our members hands-on professional development.

Through every initiative, our team remains dedicated to making a lasting, positive impact on the world around us.

Why establish a chapter?:

- Establishing a NeuroPsych chapter connects you with a passionate network of individuals dedicated to making a tangible impact. Whether it be through engaging with state legislators, networking with professionals, serving your local community, spearheading mental health awareness campaigns—or hosting fundraising events with our team’s support—you will lead meaningful change. In doing so, you’ll gain hands-on experience in healthcare, government, and business, all while refining both your technical and interpersonal skills within a diverse, driven community.

Or

Establishing a NeuroPsych chapter connects you with a passionate network of individuals dedicated to making a tangible impact. As a chapter leader, you will:

- **Lead Meaningful Change:** Engage with state legislators, host fundraising events with our team’s support, and spearhead mental health awareness campaigns.
- **Serve Your Community:** Take direct action through local service projects and community outreach initiatives.
- **Build Professional Networks:** Connect with healthcare professionals, policymakers, and business leaders.
- **Develop Real-World Skills:** Gain hands-on experience in healthcare, government, and business while refining your technical and interpersonal skills within a diverse, driven team.

Where your funds go:

- Half of all funds raised go straight into the community: **25%** covers supplies for our service events at local care facilities, and **25%** provides essential support to Twin Cities families dealing with neurodegenerative diseases. The remaining **50%** is reinvested into the organization, funding things like shirts, banners, and promotional materials—helping us run smoothly, reach more people, and expand our mission.

OR

- **25% – Local Outreach:** Covers all supplies for our volunteer visits to local care facilities.
- **25% – Family Support:** Supplies vital resources to Twin Cities families facing neurodegenerative diseases.
- **50% – Growing Our Mission:** Goes toward shirts, banners, pamphlets, and everyday operations to keep our organization running.

Half of every dollar directly funds our community service, and half powers our operations so we can keep making an impact.
